League Descriptions:

- **Skip's Choice:** Indicates competitive leagues where you join as a team and play together all season.
- **Multiple Draw:** Indicates leagues where you enter as an individual and are placed on a new team every 5-6 weeks. These are great for new & experienced curlers looking to meet people & enjoy the game in a less competitive setting.
- **Team League:** Indicates recreational leagues where you may enter as a team or be placed on a team. They are usually broken up into two sessions to accommodate new curlers at mid-season. These are great leagues for new & experienced curlers interested in playing a friendly game with their family, friends and/or co-workers.
