

# NIAGARA FALLS CURLING CLUB

## SPARING POLICY

(effective as of October 18, 2009)

### MEMBERS

Our Club encourages All Members to spare in other leagues as a way to enhance the social and technical aspects of the game - meet more curlers, learn new strategies and improve your game!

That said, to be fair to our Executive Members who have paid for unlimited curling privileges, we have put policies in place to ensure that One League Adults pay an appropriate amount when sparing frequently.

- **Executive Members** (Full Adults, Novice Curlers, and Students)
  - entitled to spare in any NFCC League for which they meet requisite age & gender.
  
- **One League Adults** (Section & Co-Ed Recreational)
  - permitted to spare up to five (5) times per season, without incremental charge, in any NFCC League for which they meet the requisite age & gender
  - *once a One League Adult exhausts their five (5) complimentary sparing opportunities, they must pay \$10 per additional game spared or upgrade to an appropriate Executive membership.*

### NON-MEMBERS

Our Club permits Non-Members to spare in club leagues as a way to introduce new curlers to both the sport of curling and our club, as well as allow shift workers an opportunity to enjoy the game, while helping fill a vacant spot.

That said, to be fair to All Members, we have put policies in place to ensure that Non-Members pay an appropriate amount when sparing.

- **Non-Members** (anyone without an Executive or One League Adult membership)
  - permitted to spare for a rental fee of \$15, in any NFCC League for which they meet the requisite age & gender (excluding playoffs)

It is considered a responsibility of ALL Club Members and staff to uphold our Club's Sparing Policy.
